WEB RESUME

I build and ship software from start to finish.

Full-stack developer and freelancer. I build and ship my own products (GEOPilot, Gestolio, Hostiva and DadoManía), covering the full cycle: product, development, deployment and support. Higher Technician in Multiplatform Application Development, DAM (2026). I work daily with AI: I integrate it into my products, design agent systems and build with coding agents. Currently pursuing a Cybersecurity Master's (2026 - 2027), with a focus on web application security.

3
products in production (GEOPilot, Gestolio and DadoManía)

1
platform in development with a security focus (Hostiva)

C1
English with an academic year in Canada

Products in production and in development

OWN SAAS · IN PRODUCTION

GEOPilot

SaaS for SEO and GEO content: AI article generation, token-based cost calculator, editorial calendar and AI-engine visibility. Validated with Gestolio, cited as a source by Google AI and Perplexity.

Next.js | Firebase | Gemini + Claude | Stripe | Vercel

View product

OWN SAAS · IN PRODUCTION

Gestolio

Fiscal PWA for Spanish freelancers: invoicing, expenses, VAT and income tax, quarterly tax summaries, fiscal calendar and an AI assistant. Freemium with Stripe subscriptions and passwordless sign-in with passkeys (WebAuthn).

Next.js 14 | Supabase | Stripe | WebAuthn | PWA

View product

OWN PLATFORM · IN DEVELOPMENT (PHASE 1 COMPLETED)

Hostiva

Direct booking, online check-in and guest registration (Spanish SES Hospedajes) for tourist apartments, with security as a requirement: 2FA with TOTP, Row Level Security, encrypted check-in data, tests and security review.

Supabase | Row Level Security | 2FA TOTP | Stripe | Encryption

Demo on request

OWN GAME · IN PRODUCTION

DadoManía

Web strategy and dice defense game with real players. Chest progression, in-game currency shop and a staging environment separated from production to validate every release.

Supabase | Vercel

View game

FEATURED ACHIEVEMENT

Real case: Gestolio cited by Google AI and Perplexity

Gestolio appears as a source in Google AI and Perplexity answers about Spain's Form 303 VAT return, and GEOPilot detects it in 2 out of 3 AI engines queried.

Technical stack

Frontend

HTML5, responsive CSS, JavaScript, React, Next.js and accessibility.

React · Next.js · JavaScript · CSS

Backend and data

Node.js, Firebase, Supabase, SQL and REST APIs for real products.

Node.js · Firebase · Supabase · SQL

Product and business

Stripe (subscriptions), Vercel, PWA, SEO/GEO and analytics.

Stripe · Vercel · PWA · SEO/GEO

Security

2FA with TOTP, passkeys (WebAuthn), Row Level Security, data encryption and OWASP Top 10.

2FA TOTP · WebAuthn · RLS · OWASP

Applied AI

AI in products, human-in-the-loop agents, coding agents (Claude Code, Gemini), GEO and prompts.

Agents · Claude Code · Gemini · GEO

DAM foundation

Java, Python and Android.

Java · Python · Android

Education

2026 - 2027 — **Cybersecurity Master's · Digitech FP · In progress**

Offensive and defensive security, with a focus on web applications.

2024 - 2026 — **Dual Higher Degree in Multiplatform Application Development**

Higher Technician degree completed in 2026. Training focused on programming, databases, web development, mobile development and systems.

2023 - 2024 — **Rey Juan Carlos University**

Degree in Science, Management and Service Engineering. Early university experience with technology, management and teamwork.

2022 - 2023 — **Salmon Arm Secondary, Canada**

Scientific baccalaureate studied in English, with academic and cultural immersion.

Experience

Full-stack developer and founder (freelance)

2025 - Present. Design and development of my own SaaS products and custom platforms: product, Stripe subscriptions, deployment and support. Custom AI agent system with human approval to automate marketing for my products.

Web developer at an agency

2024 - 2025. Web development for clients: HTML/CSS layout, HTML email signatures and WordPress.
